Feri Teja Kusuma
Software Engineer
Bandung, Indonesia | Phone: 081394030058 | Email: feriteja@gmail.com

SUMMARY

Skilled software engineer with 1+ years of experience specializing in backend development. Proficient in JavaScript, Golang, and Dart. Experienced with React, React Native, NestJS, GraphQL, and REST APIs. Proven ability to design, implement, and test software applications. Demonstrated expertise in building scalable and maintainable backend systems..

EXPERIENCE

PT Walden Global Services – Bandung, Indonesia
Software Engineer(August 2022 – present)

- Backend Developer (Project Marketplace)

  - Utilized NestJS, and REST APIs to build scalable and maintainable backend systems.
  - Collaborated with front-end developers to ensure seamless integration between backend APIs and user interfaces.
  - Contributed to the development of automated testing suites to ensure code quality and reliability.
  - Actively participated in bug-fixing sprints, effectively identifying and resolving software defects
  - Collaborated with other engineers to implement bug fixes and ensure the stability of the application

- Backend Support (Transportation Management System)

  - Assisted developers in identifying and resolving backend issues, utilizing Express.js and REST APIs.
  - Collaborated with other IT support personnel to ensure the smooth operation of the system.
  - Monitored system performance and identified potential issues before they impacted users.
  - Proactively sought out opportunities to improve the system's performance and stability.
  - Gained experience with debugging and problem-solving techniques in a real-world setting.

EDUCATION

TELKOM UNIVERSITY (2014 - 2019)
Bachelor of Telecommunication Engineering - GPA 3.42/4.00

SKILLS

Technical Skills
- Programming Language: JavaScript (ES6+), Golang, Dart
- Frameworks: React, React Native, NestJS, Firebase
- Tools: GraphQL, REST APIs, Git, SQL, Docker, Flutter
- Operating Systems: Windows
- Databases: SQL (MySQL, PostgreSQL), NoSQL (MongoDB)

Soft Skills
- Teamwork
- Problem-solving
- Time management
- Attention to detail
- Adaptability
- Continuous learning
